

TITLE

Evolution of MusicMedicine at Piedmont Hospital in Atlanta GA over 38 years and a recent MUSIC-CARE web based application for reducing sedation requirement and anxiety during coronary angioplasty

ABSTRACT

Dr. Schwartz started using music at Piedmont Hospital in 1979. Music delivery evolved into a centralized music broadcasting system that delivered music to perioperative areas, Intensive Care Units, Labor& Delivery, Radiation Therapy, GI Lab, and Coronary Care. A method of web based delivery by MUSIC-CARE and the methodology behind it will be presented.

Key Words; music cardiac catheterization
